Reference formulation	NP 12:61
Technical sheet and documentation	Confirm in the proposal and current technical sheet.

Reading the reference grade — not a lot guarantee

PARAMETER	REFERENCE
Published grade	The grade reproduces the designation in the current catalogue. Request the nutrient guarantee, chemical form, tolerances and test methods from the supplier's current data sheet.

REFERENCE NOTE

These are reference values, not a lot-specific certificate of analysis, certification or supply commitment. Confirm the current supplier specification, lot documents and destination requirements for each transaction. If your requirements differ, share the desired parameters, volume and destination for assessment.
